## CAREER OBJECTIVE

Looking for a responsible Career opportunity in a reputable organization to utilize my technical skills for the growth of the organization as well as to enhance my knowledge about new and emerging trends in the IT sector.

## EDUCATION

| Degree/Certificate              | Institute/Board                   | CGPA / Percentage | Year         |
|---------------------------------|-----------------------------------|-------------------|--------------|
| B.Tech (Electrical Engineering) | IIT, Palakkad                     | 8.49 (Current)    | 2021-Present |
| Class XII                       | Sri Chaitanya boys junior college | 97%               | 2021         |
| Class X                         | St Ann's School Chirala           | 89%               | 2019         |

## TECHNICAL SKILLS

- **Programming Languages**

*C++(Data Structures and Algorithms, OOPS), C, Javascript.*

- **Web Development**

*HTML, CSS, TailWind CSS, Javascript, Node JS, React JS.*

[Link](#)

- **Database Management**

*MongoDB, MySql*

- **Others**

*Operating Systems, DBMS, GitHub.*

## WORK EXPERIENCE

- **Intern**

May 2024 to Jul 2024

RCI DRDO

*I have worked as an intern in RCI(Research Center Imarat) DRDO on the working, development and optimization of energy management system for supercapacitors and batteries that are used in aerospace applications. Conducted experiments and analysed data on how a BMS(Battery Management System) works along with visual understanding of various futuristic technologies and current technologies.*

[Link](#)

- **Web Development Intern**

May 2024 to Jul 2024

OctaNet Services Pvt Ltd

*I have worked as an intern in OctaNet Services as a Full Stack Web Developer on two projects: Landing Page built using HTML, CSS and JavaScript and a Todo List built using HTML, CSS, JavaScript and React JS. This internship boosted my understanding in front-end development*

[Link](#)

## PROJECTS

- **Portfolio Website**

May 2024 to Jul 2024

Some other major project

*HTML — CSS — JS — React JS, This project is my personal portfolio website built using React JS frame*

work along with *HTML, CSS, JavaScript*. This website is one of best example for data abstraction as any user having the source code can just modify the *myInfo.js* file to change the website without interacting with the code [Link](#)

- **Advanced Spotify Clone** Jun 2024 to Jul 2024  
Some other major project  
*This website is an advanced version for real spotify website with all built-in music bar and dynamic albums also made responsive for both tablets and mobiles too ,Built using HTML, CSS, JavaScript* [Link](#)
- **Todo-List** May 2024 to Jul 2024  
Some other major project  
*HTML — CSS — REACT JS — This Todo-list is React JS based project built for managind our Todo list and it even saves the list in our local storage* [Link](#)
- **Twitter Clone** May 2024 to May 2024  
Some other major project  
*HTML — Tailwind CSS — JS , Twitter Clone built with Tailwind CSS Tailwind CSS is a great tool for quick production of websites, It does not use inline css its just a way of writing it compiles all the classes into output.css. Breakpoints are used similar to media queries to optimise for all kinds of devices.Additinally using vite can help in live re-loading* [Link](#)

## ACHIEVEMENTS

---

- **Specalist on Codeforces**  
*Solved many problems on codeforces also reached Specalist on Codeforces* [Link](#)
- **3 Star in Codecheff**  
*Solved many problems on codecheff also reached 3-star on Codecheff* [Link](#)

## EXTRA CURRICULAR ACTIVITIES

---

- **Member of YACC(Yet Anthor Coding Club)**  
*I was an active participant for many YACC talks and meets.*
- **Member of Bioscope(Cinematic Club)**  
*i was a member of cinematic club known as Bioscope*
